Program Overview

This initiative, in collaboration with APSCHE aims to build a job-ready talent pool in the various demanding technologies.

This is a 4 months virtual internship, an experiential learning program designed to make the students employable. This program helps students build their profile aligned to a job role through hands-on project-based learning under the guidance of industry mentors. It helps students acquire technical and professional competencies while working on real-world challenges and creating innovative solutions. The program encourages students to think critically and creatively, and it is designed to provide industry-level training at the college level.
